## Family Worship Experience

Choose a day and a time for a weekly family worship experience that allows your family to be as consistent as possible to follow this simple plan:

- Read the Scripture
- Talk about the Scripture
- Watch the Bible Story Video
- Learn Scripture
- Sing

Use these materials to engage in an experience that lasts about 10-15 minutes, or one that can be longer if you desire. All you need is *Bible Studies for Life @ Home* and a Bible.

...THEN CONSIDER ADDING...

## Family Prayer Time

The prayer guide includes two prompts—one for mornings and one for evenings—that you can use during the week to help direct prayer and start casual family conversations about God.

...AND FINALLY, CONSIDER ADDING...

## Family Activities

Each week there will be two activities related to that week's main idea. One activity is for your family to enjoy and the other is for your family to serve in some way as you live out the gospel in your community.
